### CHATHAM ISLANDS PORTS LIMITED

## Schedule of Prices – Pitt Port Facility

1 JULY 2020 TO 30 JUNE 2021

- Chatham Islands Ports Limited reserves the right to alter these charges and procedures at any time.
- The rates quoted in the document and any contract arising out of it, are subject to Chatham Island Ports Limited's current Standard Conditions of Business.
- Port users are also referred to the facilities Health and Safety Plans, Operations Plans and Environmental Plans that may be viewed at the Port Office.
- All charges are plus GST.

### **Stock Levy - charged to the shipping company freighting stock**

Stock moved through the port shall be charged per head and includes preassembly of sheep and lambs in the stockyards. The rates also include the use of the stock race and pens where necessary on the port.

- |                     |                  |
|---------------------|------------------|
| • Sheep and Lambs - | \$0.220 per head |
| • Cattle –          | \$0.862 per head |
| • Small Animals -   | \$0.220 per head |
| • Horses –          | \$0.862 per head |

### **Fuel Levy**

A \$0.10 per litre levy on all imported fuel is applied when delivered to the port by barge or ship.

A \$0.03 per litre levy at the pump is applied when dispensed.

### **Other Services**

Other Services, such as the use of the power supply for welding, shall be charged for the services provided plus 20% administration cost. The power supply shall be at \$50 per half day or part thereof.

**NOTE:** Prices will be inflation adjusted each year on 1 July of that year
